Transparency in Coverage Rule

The Transparency in Coverage Rule (TCR) requires self-funded health plans to make two machine-readable files publicly available. This link leads to the machine-readable files that includes negotiated service rates and out-of-network allowed amounts between health plans and healthcare providers. The machine-readable files are formatted to allow researchers, regulators, and application developers to more easily access and analyze data. Wellmark members are encouraged to us the estimator tools available through Wellmark's secure website mywellmark.com
